- (i) Whether contingent bids that extend beyond the bid period may be submitted, how to evaluate and prioritize such bids against non-contingent bids, and the terms and conditions under which, and/or for what time period, the next highest bidder will be obligated to acquire the capacity should the winning contingent bidder withdraw its bid;
- (j) Any extensions of the minimum posting/bid periods;
- (k) Whether Releasing Customer desires to utilize the first-come, first-served option for short-term releases described in Section 6.4.6 below and any minimum terms applicable thereto;
- (l) Other special terms and conditions Releasing Customer imposes on the release of its capacity, including, but not limited to, minimum rates, term and quantity;
- (m) Whether to specify dollars and cents or percents of rates in the denomination of bids;
- (n) For purposes of bidding and awarding, any minimum rates specified by the Releasing Customer shall include the tariff reservation rate and all demand surcharges, as a total number or as stated separately;
- (o) Whether the release is on a permanent or a temporary basis;
- (p) An e-mail address for the Releasing Customer contact person. It is Customer's responsibility to update e-mail address information provided to MAGNUM, as necessary;
- (q) The recall notification period(s), as identified in Section 6.4.13(e) below, that will be available for use by the parties.
- (r) A description of any Storage Inventory that must be transferred with released storage capacity, including (i) the quantity of Gas in Storage Inventory to be transferred to the Replacement Customer at the beginning of the release term, (ii) the quantity of Gas which Replacement Customer is to cause to be in the Storage Inventory to be transferred to the Releasing Customer at the end of the release term, (iii) the price(s) (if applicable) to be paid by the Replacement Customer for the transfers of Gas in Storage Inventory described in items (i) and (ii), and (iv) any other reasonable conditions that the Releasing Customer chooses to place on the storage inventory transfers.

6.4.2 Intraday Release Quantity. The daily contractual entitlement that can be released by a Releasing Customer for an intraday release is limited to the lesser of:

- (a) the quantity contained in the offer submitted by the Releasing Customer;
- or
- (b) a quantity equal to 1/24th of the Releasing Customer's MDFWQ, MDIQ and/or MDWQ (or such other relevant hourly quantity specified in Customer's Service Agreement) for the contract to be released multiplied by the number of hours between the effective time of the release and the end of the Day.

This allocated daily contractual entitlement shall be used for purposes of nominations, billing, and if applicable, for overrun calculations.

The MSQ, Maximum Park Quantity or Maximum Loan Quantity that can be released by a Releasing Customer for an intraday release is limited to a quantity not in excess of the Releasing Customer's MSQ, Maximum Park Quantity or Maximum Loan Quantity, less the Releasing Customer's Storage Inventory or Loan Balance.

6.4.3 Posting and Bidding Timeline. For the Capacity Release business process timing model, only the following methodologies shall be supported by MAGNUM and provided to Releasing Customers as choices from which they may select and, once chosen, shall be used in determining the awards from the bid(s) submitted. They are: 1) highest rate, 2) net revenue and 3) present value. Other choices of bid evaluation methodology (including other Releasing Customer defined evaluation methodologies) can be accorded similar timeline evaluation treatment at MAGNUM's discretion; however, MAGNUM is not required to offer other choices or similar timeline treatment for other choices. Further, MAGNUM shall not be held to the timeline specified in Sections 6.4.3(a) and 6.4.3(b) below should the Releasing Customer elect another method of evaluation. Should the Releasing Customer elect another method of evaluation, the timeline specified in Section 6.4.3(c) below shall apply. The proposed duration of Customer's release determines the minimum bid period for the Customer's offer pursuant to this Section 6.4. The Capacity Release timeline is applicable to all parties involved in the Capacity Release process; however, it is only applicable if (i) all information provided by the parties to the transaction is valid and the Replacement Customer has been determined to be creditworthy before the capacity release bid is tendered and (ii) there are no special terms or conditions of the release.

The Capacity Release timeline is as follows:

- (a) For standard releases of less than one (1) year:
 - Offers shall be tendered by 12:00 p.m. CCT on a Business Day;
 - The bid period shall end at 1:00 p.m. CCT on the same Business Day or at 1:00 p.m. CCT on any subsequent Business Day as specified in Releasing Customer's offer, whichever is elected by Releasing Customer;
 - Evaluation period begins at 1:00 p.m. CCT on the Day the bid period ends, during which contingency is eliminated, determination of best bid is made, and ties are broken;
 - Evaluation period ends and award is posted if no match is required at 2:00 p.m. CCT the same Day;
 - If the Prearranged Replacement Customer's bid is not the "best bid", MAGNUM shall allow such Prearranged Replacement Customer a Matching Period of thirty (30) minutes from 2:00 p.m. until 2:30 p.m. CCT on the Day the Bid Period ends, or such later time as specified in the Releasing Customer's offer, to determine whether to match the "best bid" and to notify MAGNUM of its decision.
 - If a match is required, the award will be posted by 3:00 p.m. CCT.

MAGNUM will issue a contract within one hour of the award posting (with a new contract number, when applicable). Nominations for Gas flow are possible beginning at the next available nomination cycle for the effective date of the contract. Such nominations will be processed in accordance with the nomination and scheduling requirements of Section 6.7 of the General Terms and Conditions; however, in no circumstance will Gas flow prior to the effective date of the release as specified in Releasing Customer's offer.

(b) For standard releases of one year or longer:

- Offers shall be tendered by 12:00 p.m. CCT four Business Days before the award;
- The bid period shall end at 1:00 p.m. CCT on the Day before timely nominations are due (open season is three Business Days) or at 1:00 p.m. CCT on any subsequent Business Day as specified in Releasing Customer's offer, whichever is elected by Releasing Customer;
- Evaluation period begins at 1:00 p.m. CCT on the Day the bid period ends, during which contingency is eliminated, determination of best bid is made, and ties are broken;
- Evaluation period ends and award is posted if no match is required at 2:00 p.m. CCT the same Day;
- If the Prearranged Replacement Customer's bid is not the "best bid," MAGNUM shall allow such Prearranged Replacement Customer a Matching Period of thirty (30) minutes from 2:00 p.m. CCT until 2:30 p.m. CCT on the Day the Bid Period ends, or such later time as specified in the Releasing Customer's offer, to determine whether to match the "best bid" and to notify MAGNUM of its decision.
- If a match is required, the award will be posted by 3:00 p.m. CCT.

MAGNUM will issue a contract within one hour of the award posting (with a new contract number, when applicable). Nominations for Gas flow are possible beginning at the next available nomination cycle for the effective date of the contract. Such nominations will be processed in accordance with the nomination and scheduling requirements of Section 6.7 of the General Terms and Conditions; however, in no circumstance will Gas flow prior to the effective date of the release as specified in Releasing Customer's offer.

(c) Timeline for Non-standard Releases. If Customer specifies a bid evaluation methodology other than those stated in Section 6.4.7 or specifies any special terms or conditions, the above timelines shall apply; provided, however, one additional Business Day will be added to the evaluation period. Subsequent deadlines will be delayed by such additional Business Day, causing Gas flow to occur at least one Day later than under the standard timelines set forth in Sections 6.4.3(a) and 6.4.3(b).

(d) Releases Not Subject to Bidding. For Prearranged capacity releases of a duration of thirty-one (31) Days or less, to an asset manager (as defined by FERC regulations at 18 C.F.R. § 284.8(h)(3)) or to a marketer participating in a state-regulated retail access program (as defined by FERC regulations at 18 C.F.R. § 284(h)(4)) are not required to be posted for bidding pursuant to Section 6.4.3. Nonetheless, Releasing Shipper may elect to post one of the foregoing releases for bidding pursuant to Section 6.4.3. Releasing Customer shall notify MAGNUM of the foregoing releases by providing the information pursuant to Section 6.4.1, which information will be posted on the Internet Web Site (as required by Section 6.4.5) in accordance with the following timelines:

Timely Cycle:

Posting of prearranged deals not subject to bid are due by 10:30 a.m. CCT.
Evening Cycle:

Posting of prearranged deals not subject to bid are due by 5:00 p.m. CCT.
Intraday 1 Cycle:

Posting of prearranged deals not subject to bid are due by 9:00 a.m. CCT.
Intraday 2 Cycle:

Posting of prearranged deals not subject to bid are due by 4:00 p.m. CCT.

Prior to the nomination deadline for the chosen cycle for the begin date specified in the Releasing Customer's notice, the Prearranged Replacement Customer must initiate confirmation of prearranged deals electronically. MAGNUM will issue a contract within one hour of notification of the release (with a new contract number, when applicable). Nominations for Gas flow are possible beginning at the next available nomination cycle for the effective date of the contract. Such nominations will be processed in accordance with the nomination and scheduling requirements of Section 6.7 of the General Terms and Conditions; however, in no circumstance will Gas flow prior to the effective date of the release as specified in Releasing Customer's offer. If a release of capacity is exempt from bidding because it is for a term of thirty-one (31) days or less, a Releasing Shipper may not roll-over, extend, or in any way continue the release to the same Replacement Shipper using the thirty-one (31) day or less bidding exemption, unless the Releasing Shipper complies with the posting and bidding requirements of Section 6.4.3 or not less than twenty-eight (28) days have elapsed since the conclusion of the prior release record.

MAGNUM shall post offers and bids, including pre-arranged deals, upon receipt, unless Releasing Customer requests otherwise. If Releasing Customer requests a posting time, MAGNUM shall support such request insofar as it comports with the standard timeline. A Releasing Customer cannot specify an extension of the original bid period or the pre-arranged deal match period, without posting a new release.

6.4.4 Pre-arranged Releases. Releasing Customer may designate an entity (a designated "Pre-arranged Replacement Customer") to which it has agreed to release the capacity upon specified terms and conditions. Customer's offer to release under such a pre-arranged transaction shall be subject to the prior posting and bidding procedures described in Sections 6.4.5 and 6.4.6, herein, with the designated Pre-arranged Replacement Customer being given a right to match the best bid submitted during the bid period; provided, however, if a pre-arranged transaction with a Pre-arranged Replacement Customer is for a period of thirty-one (31) Days or less, to an asset manager (as defined by FERC regulations at 18 C.F.R. § 284.8(h)(3)) or to a marketer participating in a state-regulated retail access program (as defined by FERC regulations at 18 C.F.R. § 284.8(h)(4)), the Releasing Customer shall provide notice to MAGNUM in accordance with this Section and may implement the release without complying with such prior posting and bidding procedures. Notices of such exempted releases shall be posted on the Internet Web Site in accordance with Section 4.3 herein.

6.4.5 Posting. Following receipt of a notice of offer to release capacity which satisfies the requirements set forth in this Section, MAGNUM will post such information on its Internet Web Site in accordance with the timeline set forth in Section 6.4.3 herein. MAGNUM shall also post offers to purchase capacity from those who desire current Customers to release capacity upon receipt of the applicable information as set forth in this Section.

6.4.6 Bidding and Selection of Replacement Customer.

(a) If Releasing Customer desires to solicit bids for releases of thirty-one (31) Days or less, it may direct MAGNUM to post notice of the availability of such capacity and, in lieu of permitting bids during the otherwise applicable posting period, Releasing Customer may direct MAGNUM to award the capacity to the bidder which submits first in time a valid bid meeting any minimum terms specified by the Releasing Customer.

(b) Any bid submitted by a prospective Replacement Customer shall include an e-mail address for at least one contact person, and it is the Customer's responsibility to update e-mail address information provided to MAGNUM, as necessary. A bidder may not have more than one eligible bid for the same release offer at any time. Bids shall be binding until written or electronic notice of withdrawal is received by MAGNUM before the end of the bid period. Bids cannot be withdrawn after the bid period ends. Once a bid is withdrawn, that bidder may only submit a new bid pursuant to that release offer if it is at a higher rate than the withdrawn bid.

(c) MAGNUM shall evaluate the bids in accordance with the provisions of Section 6.4.7 and determine the best bid in accordance with the timelines set forth in Section 6.4.3 herein. MAGNUM shall notify Releasing Customer, the best bidder, and any designated Pre-arranged Replacement Customer of such determination in accordance with the timelines set forth in Section 6.4.3 herein. If there is a designated Pre-arranged Replacement Customer, it may exercise its right to match such best bid by providing written notice of such exercise to MAGNUM and Releasing Customer in accordance with the timelines set forth in Section 6.4.3 herein. After the Replacement Customer is selected, MAGNUM will finalize an appropriate Addendum to the Capacity Release Umbrella Agreement in the form contained in this FERC Gas Tariff. MAGNUM will provide a copy of this Addendum to the Replacement Customer via facsimile, at which time the Replacement Customer will have the same rights and obligations as any other existing Customer on MAGNUM's system. Following implementation of the release, MAGNUM shall post notice of the winning bidder on the Internet Web Site.

6.4.7 Best Bid. When MAGNUM makes awards of capacity for which there have been multiple bids meeting minimum conditions, MAGNUM shall award the bids, best bid first, until all offered capacity is awarded. The capacity being awarded represents the Maximum Daily Injection Quantity, Maximum Daily Withdrawal Quantity, Maximum Storage Quantity, or Maximum Daily Firm Wheeling Quantity. These quantities are separate parts of the capacity and are awarded until one of the quantities is fully awarded, at which point all capacity is deemed to be fully awarded. MAGNUM shall evaluate and determine the best bid among those otherwise consistent with any terms and conditions specified by the Releasing Customer as follows:

(a) MAGNUM shall apply the standard or criteria for such determination specified by the Releasing Customer, including the standard to be used for breaking ties. Any standard or criteria so specified must be objective, economic, not unduly discriminatory, not contrary to applicable provisions of this FERC Gas Tariff, applicable to all prospective Replacement Customers and require MAGNUM in applying such standard to exercise no more than a ministerial function. The Releasing Customer shall indemnify and hold MAGNUM harmless from and against all demands, losses, claims, expenses, causes of action and/or damages suffered or incurred by MAGNUM arising out of or related to any determination of a "best bid" pursuant to a standard specified, supplied, approved or provided by Releasing Customer.

(b) In default of Releasing Customer specifying a bid evaluation standard, MAGNUM shall determine the bid or bids generating the highest net present value, using a 10% discount factor, based on the rate bid (reservation or demand component), the applicable quantity(ies) and term or period bid upon. In default of Releasing Customer specifying a method to break ties priority will be given first to the bid with the shortest term, and next to the bid submitted first in time.

6.4.8 Qualification of Prospective Replacement Customer. A prospective Replacement Customer must be on MAGNUM's approved bidders list before bids may be posted on the Internet Web Site, must satisfy all requirements of the applicable Rate Schedule and the General Terms and Conditions of this FERC Gas Tariff and must have executed a Capacity Release Umbrella Agreement. To be on the approved bidders list, the prospective Replacement Customer must satisfy MAGNUM's credit requirements as outlined in Section 6.3 of the General Terms and Conditions, and, if applicable, provide the information required by Section 6.3 of the General Terms and Conditions. MAGNUM will apply its creditworthiness criteria to assess the submission. Such credit appraisal shall be reevaluated and updated every three (3) months. The prospective Replacement Customer shall remain on the approved bidders list until such prospective Replacement Customer (i) notifies MAGNUM to the contrary, (ii) no longer meets the credit qualifications established in Section 6.3 of the General Terms and Conditions, or (iii) is suspended from the approved bidders list in the event, and for such time as, such Replacement or Prearranged Replacement Customer fails to pay part or all of the amount of any bill for service in accordance with Section 6.13 of the General Terms and Conditions. MAGNUM will waive the creditworthiness requirement on a non-discriminatory basis for Replacement Customers and permit them to submit bids, if the Releasing Customer provides MAGNUM with a guarantee or other form of credit assurance in form and substance satisfactory to MAGNUM of all financial obligations of the Replacement Customer with respect to the capacity being released by Releasing Customer prior to the commencement of service to the Replacement Customer. MAGNUM shall not award capacity release offers to a prospective Replacement Customer until and unless the Customer meets MAGNUM's creditworthiness requirements applicable to all services that it receives from MAGNUM, including the service represented by the capacity release.

6.4.9 Nominations. Following its selection, and prior to the flow of Gas, the Replacement Customer shall be permitted to submit nominations pursuant to the terms and conditions of the applicable Rate Schedule and the General Terms and Conditions of this FERC Gas Tariff.

6.4.10 Billing. The Replacement Customer shall be billed and make payments to MAGNUM in accordance with the applicable Rate Schedule, other provisions of this FERC Gas Tariff and of its Service Agreement incorporating its bid terms. In accordance with the terms of the release, the Replacement Customer shall pay or be liable for the usage charges (plus all applicable surcharges, Fuel Reimbursement, taxes, penalties, etc.) applicable under the relevant Rate Schedule attributable to its usage of the released capacity. MAGNUM shall continue to bill the Releasing Customer all applicable charges under its existing Service Agreement, excluding usage charges (plus all applicable surcharges, Fuel Reimbursement, taxes, penalties, etc.) billed to the Replacement Customer and attributable to Replacement Customer's usage of the released capacity. Invoices sent to the Releasing Customer shall reflect a credit equal to any reservation charges (plus all surcharges applicable thereto) being billed to the Replacement Customer for the released capacity rights, or as otherwise agreed. If the Replacement Customer fails to pay when due all or part of the amounts credited to the Releasing Customer, MAGNUM shall pursue payment from the Replacement Customer by notifying such Customer by registered letter, return receipt requested, that it has five (5) days from receipt of such letter to pay the amount due including any applicable interest. If the Replacement Customer fails to pay such amount by the end of the fifth day, MAGNUM shall reverse the credit and bill the Releasing Customer for such past due amounts, plus applicable interest.

6.4.11 Rights and Obligations of the Parties.

(a) The Service Agreement between the Releasing Customer and MAGNUM shall remain in full force and effect with the Releasing Customer to receive a credit to its invoice as described in Section 6.4.10 above. If the Replacement Customer fails to pay all or part of the amounts credited to the Releasing Customer after the five Day notification period specified in Section 6.4.10, MAGNUM shall reverse the credit and bill the Releasing Customer for such past due amounts, plus applicable interest. The Service Agreement executed by the Replacement Customer shall be fully effective and enforceable by and against the Replacement Customer. The Replacement Customer may also release capacity pursuant to this Section, and in such event and for such purposes, shall be considered the Releasing Customer.

(b) MAGNUM shall accept nominations, schedule service, afford priority of service and interrupt service based on instructions and communications from the Releasing Customer and the Replacement Customer which are consistent with one another and with the terms and conditions of MAGNUM's FERC Gas Tariff and their respective Service Agreements. In the event that instructions or nominations from the Releasing Customer and Replacement Customer are, in MAGNUM's opinion, inconsistent or conflicting, MAGNUM shall comply with the instructions of the Releasing Customer; provided, however, that such instructions must not be inconsistent with MAGNUM's FERC Gas Tariff or the terms of either the Releasing Customer's or Replacement Customer's Service Agreement, in MAGNUM's opinion. The Releasing Customer will indemnify MAGNUM against any claim or suit by the Replacement Customer, its successors or assigns arising from any action taken by MAGNUM in reliance upon the Releasing Customer's nominations and instructions and will hold MAGNUM harmless for any action taken by MAGNUM in reliance upon the nominations and scheduling instructions of the Replacement Customer; provided, however, that the Releasing Customer shall not be liable for the Replacement Customer's failure to pay the usage charges (plus all applicable surcharges, Fuel Reimbursement, taxes, penalties, etc.) billed to the Replacement Customer and attributable to its usage of the released capacity. The Replacement Customer will indemnify MAGNUM against any claim or suit by the Releasing Customer, its successors or assigns, arising from any action taken by MAGNUM in reliance upon the nominations and scheduling instructions of the Replacement Customer and will hold MAGNUM harmless for any actions taken by MAGNUM in reliance upon the instructions of the Releasing Customer.

4.12 Marketing Fee. If MAGNUM and the Releasing Customer so agree, MAGNUM may receive a negotiated fee for its marketing efforts.

4.13 Limitations.

(a) Releases and assignments hereunder shall be for period(s) of one or more Day(s) and the maximum term shall not extend beyond the expiration of this FERC Gas Tariff provision or beyond the expiration of the Releasing Customer's Service Agreement.

(b) MAGNUM may invalidate any offer to release or any bid subsequent to its posting on the Internet Web Site which does not conform to the requirements of this Section and the other provisions of this FERC Gas Tariff and such invalidated offer or bid shall be deemed null and void.

(c) Any terms and conditions imposed on the offer to release by the Releasing Customer as provided for in this Section 4 must be objectively stated, reasonable, capable of administration or implementation by MAGNUM without any material increase in burden or expense, applicable to all potential bidders, not unduly discriminatory, and consistent with the terms and conditions of this FERC Gas Tariff and Releasing Customer's Service Agreement.

(d) A Releasing Customer may re-release to the same Replacement Customer, where such first release was not subject to posting and bidding pursuant to Section 6.4.4, for a term of 31 Days or less, only if: 1) a period of 28 Days has elapsed after the first release for 31 Days or less has expired or 2) the Releasing Customer causes the posting of an offer to release capacity or of a pre-arranged transaction to be made, and capacity is allocated on the basis of bids submitted.

(e) Recall Provisions. If the Releasing Customer retains recall rights, Releasing Customer's offer to release capacity shall clearly specify the conditions precedent to such recall and whether the recall right retained by Releasing Customer is on a full Day or partial Day basis. The Releasing Customer shall provide capacity recall notification to MAGNUM via the Internet Web Site. The recall notification shall specify the recall notification period for the specified effective Day, as well as any other information needed to uniquely identify the capacity being recalled. MAGNUM shall support the following recall notification periods for all released capacity subject to recall rights:

(1) Timely Recall Notification:

(A) A Releasing Customer recalling capacity should provide notice of such recall to MAGNUM and the first Replacement Customer no later than 8:00 A.M. CCT on the Day that Timely Nominations are due;

(B) MAGNUM shall provide notification of such recall to all affected Replacement Customers no later than 9:00 A.M. CCT on the Day that Timely Nominations are due;

(2) Early Evening Recall Notification:

(A) A Releasing Customer recalling capacity should provide notice of such recall to MAGNUM and the first Replacement Customer no later than 3:00 P.M. CCT on the Day that Evening Nominations are due;

(B) MAGNUM shall provide notification of such recall to all affected Replacement Customers no later than 4:00 P.M. CCT on the Day that Evening Nominations are due;

(3) Evening Recall Notification:

(A) A Releasing Customer recalling capacity should provide notice of such recall to MAGNUM and the first Replacement Customer no later than 5:00 P.M. CCT on the Day that Evening Nominations are due;

(B) MAGNUM shall provide notification of such recall to all affected Replacement Customers no later than 6:00 P.M. CCT on the Day that Evening Nominations are due;

(4) Intraday 1 Recall Notification:

(A) A Releasing Customer recalling capacity should provide notice of such recall to MAGNUM and the first Replacement Customer no later than 7:00 A.M. CCT on the Day that Intraday 1 Nominations are due;

(B) MAGNUM shall provide notification of such recall to all affected Replacement Customers no later than 8:00 A.M. CCT on the Day that Intraday 1 Nominations are due; and

(5) Intraday 2 Recall Notification:

(A) A Releasing Customer recalling capacity should provide notice of such recall to MAGNUM and the first Replacement Customer no later than 2:30 P.M. CCT on the Day that Intraday 2 Nominations are due;

(B) MAGNUM shall provide notification of such recall to all affected Replacement Customers no later than 3:30 P.M. CCT on the Day that Intraday 2 Nominations are due.

For recall notification provided to MAGNUM prior to the recall notification deadline specified above and received between 7:00 A.M. CCT and 5:00 P.M. CCT, MAGNUM shall provide notification to all affected Replacement Customers no later than one hour after receipt of such recall notification. For recall notification provided to MAGNUM after 5:00 P.M. CCT and prior to 7:00 A.M. CCT, MAGNUM shall provide notification to all affected Replacement Customers no later than 8:00 A.M. CCT after receipt of such recall notification.

MAGNUM's notices of recalled capacity to all affected Replacement Customers shall be provided via the Internet Web Site, along with written notice via e-mail communication to those Replacement Customer contact person(s) identified in the Replacement Customer's bid submitted pursuant to Section 6.4.6 of these General Terms and Conditions. Such notices shall contain the information required to uniquely identify the capacity being recalled, and shall indicate whether penalties will apply for the Day for which quantities are reduced due to a capacity recall. Upon receipt of notification of the recall from MAGNUM, each affected Replacement Customer shall revise its nominations within the applicable nomination cycle in order to implement the recall. Each affected Replacement Customer will be solely responsible for adjusting its supply and transportation arrangements, which may be necessary as a result of such recall. Replacement Customers involved in re-release transactions may receive notice slightly after the first Replacement Customer receives notice. The recalling Releasing Customer may nominate the recalled capacity consistent with the applicable nomination cycle, as defined in Section 6.7.2(f) of these General Terms and Conditions.

(f) Partial Day Recall Quantity. The daily contractual entitlement that can be recalled by a Releasing Customer for a partial Day recall is a quantity equal to the lesser of:

- (1) The quantity specified in the Releasing Customer's notice to recall capacity; or
- (2) The difference between the quantity released by the Releasing Customer and the Elapsed Prorata Capacity.

In the recall notification provided to MAGNUM by the Releasing Customer, the quantity to be recalled shall be expressed in terms of the adjusted total released capacity entitlements based upon the Elapsed Prorata Capacity. In the event of an intraday capacity recall, MAGNUM shall determine the allocation of capacity between the Releasing Customer and the Replacement Customer(s) based upon the Elapsed Prorata Capacity.

The amount of capacity allocated to the Replacement Customer(s) shall equal the original released quantity less the recalled capacity. This allocated daily contractual quantity shall be used for purposes of nominations, billing, and, if applicable, for overrun calculations. As a result of the allocation of capacity described in this Section, MAGNUM shall not be obligated to deliver a combined quantity to the Releasing Customer and the Replacement Customer(s) that is in excess of the total daily contract quantity of the release.

(g) Reput Provisions. MAGNUM shall support the function of reputting by the Releasing Customer. The Releasing Customer may reput previously recalled capacity to the Replacement Customer pursuant to the reput rights and methods identified in the Releasing Customer's Notice to release capacity, as required by Section 6.4.1(g). When capacity is recalled, such capacity may not be reput for the same Day. The deadline for the Releasing Customer to notify MAGNUM of a reput of capacity is 8:00 A.M. CCT to allow the Replacement Customer to submit timely nominations for gas to flow on the next Day.

(h) Following the awarding of capacity to a Replacement Customer in accordance with the procedures provided in this Section 6.4, the Releasing Customer's rights and MAGNUM's obligations under the Releasing Customer's Service Agreement shall be modified and subject to the capacity rights released and assigned to the Replacement Customer for the term of such release. Effecting a release pursuant to the provisions of this Section 6.4 shall constitute Releasing Customer's consent and agreement to such amendment or modification of its existing Service Agreement.

(i) The offer to release must specify the quantities of MDDQ, MDRQ, MSQ (or No-Notice Maximum Daily Quantity, Maximum Park Quantity or Maximum Loan Quantity, as applicable), MDFWQ, MDIQ, MDWQ or rights offered, and actually available on the effective date of the assignment, and the exercise of which rights, in conjunction with Releasing Customer's exercise of its retained rights, will not violate any maximum or minimum quantity requirements or limitations applicable under the Rate Schedule or the respective Service Agreements. Releasing Customer shall be responsible for ensuring that the Firm Service quantities offered for release shall be available upon the commencement of the release, in accordance with the terms and conditions of the applicable Rate Schedule. A Replacement Customer under Rate Schedules FSS, FWS, NNSS, FP, FL or FHBS shall be responsible for arranging transportation to and from the Point(s) of Receipt and Point(s) of Delivery consistent with its rights and obligations under its Service Agreement and Rate Schedules FSS, FWS, NNSS, FP, FL or FHBS. The Replacement Customer must comply with all obligations imposed under such Rate Schedule and its rights to store, withdraw and/or inject Gas will be subject to the provisions thereof. If the Releasing Customer proposes to, or requires a transfer-in-place of the portion of its Storage Inventory in conjunction with its release and assignment of storage capacity rights, it shall so specify in its offer to release and such transfer shall be implemented contemporaneously with the release and assignment subject to compliance with the provisions of Section 19 of these General Terms and Conditions. The Replacement Customer must withdraw the portion of its Maximum Storage Quantity by the end of the term of the release. In lieu of withdrawing the portion of its Storage Inventory, the Replacement Customer can also attempt to effect a transfer of the portion of its Storage Inventory to another storage service Customer as provided in Section 6.19 of these General Terms and Conditions. If the Replacement Customer fails to withdraw or transfer the portion of its Storage Inventory by the end of the term of its release, title to the portion of Customer's remaining Storage Inventory will be vested, at no cost, in the Releasing Customer which released its capacity to the Replacement Customer on a temporary basis.

6.4.14 MAGNUM's Rights to Terminate Temporary Capacity Releases.

(a) In the event of a temporary release for which (1) MAGNUM has given notice of termination of the Releasing Customer's Service Agreement pursuant to Section 27 of these General Terms and Conditions and (2) the reservation charge specified in the effective Addendum to the Replacement or Prearranged Replacement Customer's Capacity Release Umbrella Agreement is less than the level of the reservation charge which the Releasing Customer was obligated to pay MAGNUM, then MAGNUM shall be entitled to terminate the Addendum, upon 30 days' written notice to the Replacement or Prearranged Replacement Customer, unless the Replacement or Prearranged Replacement Customer agrees prior to the end of said 30-day notice period to pay for the remainder of the term of the Addendum either (i) the reservation and commodity charges at levels which the Releasing Customer was obligated to pay MAGNUM, or (ii) such rate as mutually agreed by MAGNUM and Replacement or Prearranged Replacement Customer. Customer may elect to pay the lesser of the two foregoing options. MAGNUM's right to terminate the Addendum is subject to MAGNUM providing written notice of termination to the Replacement or Prearranged Replacement Customer within 30 days of the determination by MAGNUM that the Releasing Customer no longer satisfies MAGNUM's credit requirements. Termination of the Addendum shall not occur prior to termination of the Releasing Customer's contract.

(b) In the event that a Customer has received 30 days' notice of termination of the Addendum to Customer's Capacity Release Umbrella Agreement pursuant to Section 6.4.14(a) above for storage service and there is Gas in storage for Customer's account at the end of such 30-day period, the Addendum shall continue in force and effect for the sole purpose of withdrawal of said Gas by Customer until Customer's Storage Inventory is zero. MAGNUM shall require Customer to withdraw each Day a quantity equal to the MDWQ, or such other lesser quantity acceptable to MAGNUM. The requirement to withdraw storage quantities shall be suspended on any Day to the extent that MAGNUM cannot accommodate a nomination or withdraw such storage quantities on such Day. Customer may also transfer title of Gas remaining in Customer's Storage Inventory to another Customer pursuant to Section 6.19 of MAGNUM's General Terms and Conditions. In the event Customer fails to withdraw its entire Storage Inventory within the time required by this Section, MAGNUM shall auction any remaining Storage Inventory and credit the proceeds of such sale to Customer, net of withdrawal charges and fuel, if applicable. Customer shall indemnify MAGNUM and hold it harmless from all costs, damages and liabilities arising out of the failure of Customer to remove such Storage Inventory and the disposal of such Storage Inventory by sale by MAGNUM. MAGNUM shall post such quantities on the Internet Web Site as soon as reasonably practicable. MAGNUM shall accept bids only during the time period from 7:00 a.m. until 11:00 a.m. CCT on the second Business Day following such posting. Prior to 4:00 p.m., CCT of the same Day, MAGNUM shall notify the Customer submitting the highest bid. When the Gas is purchased at auction, Customer purchasing the Gas must provide identification of the existing Service Agreement with MAGNUM under which Customer shall store all such Gas purchased. Customer purchasing the Gas agrees to pay the applicable storage rate on the Gas purchased beginning on the date the bid was accepted at auction.

(c) MAGNUM shall provide the original Releasing Customer with Internet e-mail notification reasonably proximate in time with any of the following formal notices given by MAGNUM to the Releasing Customer's Replacement Customer(s), of the following:

- (1) Notice to the Replacement Customer regarding the Replacement Customer's past due, deficiency, or default status pursuant to MAGNUM's tariff;
- (2) Notice to the Replacement Customer regarding the Replacement Customer's suspension of service notice;
- (3) Notice to the Replacement Customer regarding the Replacement Customer's contract termination notice due to default or credit-related issues; and
- (4) Notice to the Replacement Customer that the Replacement Customer(s) is no longer creditworthy and has not provided credit alternative(s) pursuant to MAGNUM's tariff.

6.5. PRIORITY, INTERRUPTION OF SERVICE AND OPERATIONAL FLOW ORDERS

6.5.1 Priority of Service. Any Customer executing a Service Agreement with MAGNUM shall be entitled to the storage, parking, wheeling, or loaning of Gas in the following order of declining priority:

(a) (i) Firm Services at primary Point(s) of Receipt, not in excess of MDRQ, and at primary Point(s) of Delivery, not in excess of MDDQ, or (ii) for constraints that develop after Gas is scheduled, Firm Services at secondary Point(s) of Receipt or Delivery and Firm Services at primary Point(s) of Receipt in excess of MDRQ, but less than or equal to MDIQ, or MDFWQ, and Firm Services at primary Point(s) of Delivery, in excess of MDDQ but less than or equal to MDWQ or MDFWQ.

(b) For constraints that develop before Gas is scheduled, Firm Services at secondary Point(s) of Receipt or Delivery and Firm Services at primary Point(s) of Receipt, in excess of MDRQ but less than or equal to MDIQ, or MDFWQ, and Firm Services at primary Point(s) of Delivery, in excess of MDDQ but less than or equal to MDWQ or MDFWQ.

(c) Enhanced Interruptible services under Rate Schedules EISS, EILS and EIWS.

(d) All other Interruptible services, including Excess Injection Gas and Excess Withdrawal Gas (pursuant to Section 2 of Rate Schedule FSS), Authorized Wheeling Overrun Gas (pursuant to Section 5.14.2 of Rate Schedule FWS), storage, parking, wheeling, and/or loaning pursuant to Section 6.5.2 below.

(e) Make-up volumes to correct prior variances between (i) Transporter and the counterparty to a balancing agreement (pursuant to such agreement), (ii) Customer and MAGNUM, and (iii) Customer and Transporter if the variance was due to MAGNUM's failure to receive or deliver Customer's scheduled volumes.

(f) Extended hourly flows:

(i) For Rate Schedule FSS, FP and FL, storage injections in excess of MDRQ/24 or storage withdrawals in excess of MDDQ/24.

(ii) For Rate Schedule FWS, hourly flows in excess of MDRQ/24, MDDQ/24 or MDFWQ/24, or in excess of such other hourly flow rates specified in Customer's Firm Wheeling Service Agreement.

If a capacity constraint is anticipated or planned (for example, due to system maintenance), MAGNUM shall post a notice of the anticipated constraint on its Internet Web Site at least 48 hours in advance of the start of the constraint period.

6.5.2 The order of priority relating to service requests for Excess Injection Gas and Excess Withdrawal Gas (pursuant to Section 2 of Rate Schedule FSS), Authorized Wheeling Overrun Gas (pursuant to Section 5.14.2 of Rate Schedule FWS), and service under Rate Schedules ISS, IP, IL and IW shall be allocated to each Customer in the same manner as specified in Section 6.5.3.

6.5.3 Interruption.

(a) If on any Day MAGNUM's capability to receive or deliver quantities is impaired so that MAGNUM is unable to receive or deliver all the quantities which are scheduled, then interruption of service shall be implemented in the reverse order of priority set forth in Section 6.5.1.

(i) If Firm Service must be interrupted, interruption of service to firm Customers shall be pro rata based on MDWQ, MDIQ, MSQ, MDFWQ, Maximum Park Quantity or Maximum Loan Quantity, as applicable.

(ii) If enhanced interruptible service under Rate Schedules EISS, EILS and/or EIWS must be interrupted, interruption of service shall be based on the economic value of each transaction to MAGNUM; the transaction having the lowest economic value to MAGNUM shall be interrupted first. Any ties shall be interrupted on a pro rata basis.

(iii) Interruption of service to Interruptible Customers under Rate Schedules ISS, IHBS, IP, IL, and IW and to firm Customers utilizing Excess Injection Gas and/or Excess Withdrawal Gas (pursuant to Section 2 of Rate Schedule FSS), and Authorized Wheeling Overrun Gas (pursuant to Section 5.14.2 of Rate Schedule FWS), shall be based on the charges applicable to each Customer for the portion(s) of service subject to interruption, with the transaction with the lowest net revenue to MAGNUM being interrupted first. Any ties shall be interrupted on a pro rata basis.

(b) MAGNUM shall provide Customer as much advance notice of any interruption as is practicable under the circumstances. Such notice shall be made by telephone, fax, e-mail or via the Internet Web Site, as appropriate, and shall state the reduced quantities of Gas that MAGNUM estimates it will be able to park, wheel, loan, store, inject, withdraw, receive or deliver, as applicable, and the estimated duration of the interruption.

(c) If interruption is required, MAGNUM and Customer shall cooperate to the extent possible in making adjustments to receipts, deliveries, injections or withdrawals to minimize injury to any property or facilities.

6.5.4 Interruption Liability. MAGNUM shall not be liable for any loss or damage to any person or property caused, in whole or in part, by any interruption of service, except to the extent caused solely by MAGNUM's negligence or willful misconduct.

6.5.5 Action Alerts and Operational Flow Orders.

(a) Circumstances Warranting Issuance: As specified in this Section 5.5, MAGNUM shall have the right to issue Action Alerts or Operational Flow Orders ("OFOs") that require actions by Customers in order (1) to alleviate conditions that threaten to impair reliable service, (2) to maintain operations at the pressures required to provide efficient and reliable services, (3) to have adequate Gas supplies in the system to deliver on demand, (4) to maintain service to all firm shippers and for all firm services, and (5) to maintain the system in balance for the foregoing purposes.

(b) Actions to be Taken to Avoid Issuance: MAGNUM shall, to the extent practicable, take all reasonable actions necessary to avoid issuing an Action Alert or OFO. Such actions shall include, in order of priority (1) working with point operators to temporarily adjust receipts and/or deliveries at relevant Point(s) of Receipt or Point(s) of Delivery, (2) working with Customers and point operators to adjust scheduled flows on

the system, or (3) taking any other reasonable action designed to mitigate the system problem. After taking all such reasonable actions to avoid issuing an Action Alert or OFO, MAGNUM will have the right to issue Action Alerts or OFOs, if necessary, in the circumstances described in Section 6.5.5(a).

(c) Preliminary Notifications/Follow-up Reports: MAGNUM shall provide, via posting on the Internet Web Site and to affected parties through the affected party's choice of electronic notice delivery mechanism(s), prior notice to all Customers and point operators of upcoming system events such as anticipated weather patterns and operational problems that may necessitate the issuance of an Action Alert or OFO.

(d) Applicability of Action Alert or OFO: MAGNUM shall make an Action Alert or OFO as localized as is reasonably practicable based on MAGNUM's good faith and reasonable judgment concerning the situations requiring remediation such that an Action Alert or OFO will be directed first to Customers and point operators causing the problem necessitating the Action Alert or OFO and second, if necessary, to all Customers and point operators. MAGNUM will tailor the Action Alert or OFO to match the severity of the known or anticipated operational problem requiring remediation as more fully set forth in subsections 6.5.5(f) and 6.5.5(g). The declaration to the affected parties of OFOs, critical periods and/or Critical Notices shall describe the conditions and the specific responses required from the affected parties.

(e) Notice: All Action Alerts and OFOs will be issued via telephone to be followed by a facsimile to the affected Customer(s) or point operator(s), with subsequent posting on the Internet Web Site, and notification to the affected parties through the affected party's choice of electronic notice delivery mechanism(s). MAGNUM shall also provide such notification via e-mail communication to those Customers and point operators that have provided e-mail address information for at least one contact person, and have requested via MAGNUM's Internet Web Site, e-mail notification of Critical Notices issued by MAGNUM. The Action Alert or OFO will set forth (1) the time and date of issuance, (2) the actions Customer or point operator is required to take, (3) the time by which Customer or point operator must be in compliance with the Action Alert or OFO, (4) the anticipated duration of the Action Alert or OFO, and (5) any other terms that MAGNUM may reasonably require to ensure the effectiveness of the Action Alert or OFO. In addition to the other information contemplated by this Section 5.5(e), such notice shall also include information about the status of operational variables that determine when an Action Alert or OFO will begin and end, and MAGNUM shall post periodic updates of such information, promptly upon occurrence of any material change in the information. MAGNUM will post a notice on the Internet Web Site informing the Customers and point operators when any Action Alert or OFO in effect will be lifted and specifying the factors that caused the Action Alert or OFO to be issued and then lifted, to the extent such factors are known. MAGNUM shall post a notice on its Internet Web Site specifying the factors that caused the Action Alert or OFO to be issued, to the extent such factors are known. MAGNUM shall also provide such notification via e-mail communication to those Customers who have submitted a request and provided e-mail address information for at least one contact person, via MAGNUM's Internet Web Site to receive e-mail notification of Critical Notices issued by MAGNUM.

(f) Action Alerts: In the event that MAGNUM determines that due to (1) an ongoing or anticipated weather event, (2) a known equipment problem, or (3) the anticipated continuation of a current system operational problem, action is necessary to avoid a situation in which the system integrity is jeopardized or MAGNUM's ability to render firm service is threatened, MAGNUM may issue an Action Alert as set out herein to forestall the development of the situation.

(1) Issuance of Alerts: Action Alerts will be noticed in accord with the procedures set forth in Section 6.5.5(e) and MAGNUM will endeavor to provide a minimum of four hours notice.

(2) Action Alerts can be issued to effect any of the following:

(A) restriction of Interruptible services;

(B) restrictions of deliveries or receipts at specific Point(s) of Receipt or Point(s) of Delivery covered by an operational balancing

agreement to the aggregate MDRQ or MDDQ under the Service Agreements for Firm Services whose Primary Point(s) of Delivery/Receipt, which are specified in the Service Agreement, are at the affected locations; and/or

(C) forced balancing such that point operators will be required to assure that nominations equal flows or that receipts and deliveries fall within the tolerance level designated in the Action Alert.

(g) OFOs: In the event that, in MAGNUM's judgment, immediate action is required to alleviate conditions which threaten to impair reliable firm service, to maintain operations at the pressures required to provide efficient and reliable service, to have adequate Gas supplies in the system to deliver on demand, to maintain services to all firm Customers and for all firm services, and/or to maintain the system in balance for the foregoing purposes, MAGNUM may forgo the action described in Section 6.5.5(f) and immediately issue an OFO. In the event that (1) Customer or point operator does not respond to an Action Alert, (2) the actions taken thereunder are insufficient to correct the system problem for which the Action Alert was issued, or (3) there is insufficient time to carry out the procedures with respect to Action Alerts, MAGNUM may issue an OFO pursuant to this Section 6.5.5(g) or take unilateral action, including the curtailment of firm service, to maintain the operational integrity of MAGNUM's system. For purposes of this Section, the operational integrity of MAGNUM's system shall encompass the integrity of the physical system and the preservation of physical assets and their performance, the overall operating performance of the entire physical system as an entity, and the maintenance (on a reliable and operationally sound basis) of total system deliverability and the quality of Gas delivered.

(h) Termination of an Action Alert or OFO: MAGNUM shall lift any effective Action Alert or OFO promptly upon the cessation of operating conditions that caused the relevant system problem. After MAGNUM has lifted the Action Alert or the OFO, MAGNUM shall post a notice on its Internet Web Site specifying the factors that caused the Action Alert or OFO to be issued and then lifted, to the extent such factors are known. MAGNUM shall also provide such notification via e-mail communication to those Customers who have submitted a request, and provided e-mail address information for at least one contact person, via MAGNUM's Internet Web Site to receive e-mail notification of Critical Notices issued by MAGNUM.

(i) Penalties: All quantities tendered to MAGNUM and/or taken by Customer on a daily basis in violation of an Action Alert or OFO shall constitute unauthorized receipts or deliveries for which the applicable Action Alert or OFO penalty charge stated below shall be assessed.

(1) Action Alert penalty charge for each Dekatherm of Gas by which Customer deviated from the requirements of the Action Alert shall be equal to an Action Alert Index Price, calculated as 110% of the applicable daily Gas Daily Mid Point price posting for Kern River, Opal Plant for the Day on which the deviation occurred, multiplied by the quantity by which the Customer deviated from the requirements of the Action Alert.

(2) OFO penalty charge for each Dekatherm of Gas by which Customer deviated from the requirements of the OFO shall be equal to an OFO Index Price, calculated as three (3) times the applicable daily Gas Daily Mid Point price posting for Kern River, Opal Plant for the Day on which the deviation occurred, multiplied by the quantity by which the Customer deviated from the requirements of the OFO.

Any penalty revenue collected by MAGNUM pursuant to this Section 6.5.5(i) shall be credited to those firm and Interruptible Customers that did not incur Action Alert or OFO penalties pursuant

to this Section 6.5.5(i) in the Month for which Action Alert or OFO penalty revenues were received ("Non- Offending Customers"), based on the ratio of the total charges paid during that Month by the Non- Offending Customer to the sum of the total charges paid during that Month by all Non-Offending Customers. Such credits shall be calculated for each Month of the twelve (12) Month period ending July 31 of each year, and will be included on the Non-Offending Customer's invoice for the Month following the date of the final Commission order approving MAGNUM's penalty disbursement report; provided, however, that MAGNUM will calculate and include such credits on Non-Offending Customer's invoices for a period shorter than twelve Months in the event and to the extent that the total accumulated amount of Action Alert or OFO penalty revenue collected pursuant to this Section 6.5.5(i) by MAGNUM as of the end of any Month exceeds \$1,000,000. MAGNUM will file with the Commission a penalty disbursement report within sixty days of July 31 or sixty days after the end of the Month for which revenue collected exceeds \$1,000,000. Any penalty revenue credited to Non-Offending Customers pursuant to this Section shall include interest calculated in accordance with Section 154.501(d) of the Commission's regulations.

(j) Liability of MAGNUM: MAGNUM shall not be liable for any costs incurred by any Customer or point operator in complying with an Action Alert or OFO. MAGNUM shall not be responsible for any damages that result from any interruption in service that is a result of a Customer's or point operator's failure to comply promptly and fully with an Action Alert or OFO, and the non-complying Customer or point operator shall indemnify MAGNUM against any claims of responsibility. However, MAGNUM shall use reasonable efforts to minimize any such costs or damages.

(k) Unilateral Action: In the event that (1) Customer(s) or point operator(s) does (do) not respond to an OFO, or (2) the actions taken thereunder are insufficient to correct the system problem for which the OFO was issued, or (3) there is insufficient time to carry out the procedures with respect to OFOs, MAGNUM may take unilateral action, including the curtailment of firm service, to maintain the operational integrity of MAGNUM's system. For purposes of this Section, the operational integrity of MAGNUM's system shall encompass the integrity of the physical system and the preservation of physical assets and their performance, the overall operating performance, the overall operating performance of the entire physical system, as an entity, and the maintenance (on a reliable and operationally sound basis) of total system deliverability and the quality of Gas delivered.

6.6. WHEELING OPERATIONS

Customer shall tender or cause to be tendered to MAGNUM at the Point(s) of Receipt any Gas which Customer desires to have wheeled plus applicable Fuel Reimbursement volumes. Customer shall also receive or cause to be received Gas requested to be wheeled at the Point(s) of Delivery.

6.7. NOMINATIONS AND SCHEDULING

6.7.1 During any Day when Customer desires MAGNUM to inject, withdraw or wheel Gas, Customer shall submit a nomination to MAGNUM via fax or via the Internet Web Site that includes, but is not limited to, the following information: quantity, flow period, upstream transportation contract number(s) and/or downstream transportation contract number(s), Point(s) of Receipt and/or Point(s) of Delivery, Customer name and Service Agreement number, and the Customer's authorized employee name and telephone number. All nominations shall be based on a daily quantity.

All nominations shall include Customer defined begin dates and end dates. All nominations, excluding intraday nominations, have rollover options. Specifically, Customers have the ability to nominate for several Days, Months, or years, provided the nomination begin and end dates are within the term of Customer's Service Agreement.

Overrun quantities shall be requested on a separate transaction.

6.7.2 MAGNUM will accept nominations for service as follows:

(a) Next Day Service. The nomination timeline on the Day prior to the Day of Gas flow shall be the following:

11:30 a.m.	Nomination leaves control of the Customer
11:45 a.m.	Receipt of nomination by the Transporters (including from Title Transfer Tracking Service Providers ("TTTSPs"))
12:00 p.m.	MAGNUM provides quick response for validity of data elements
3:30 p.m.	Completed confirmations from upstream and downstream connected parties provided to MAGNUM
4:30 p.m.	Receipt of scheduled quantities by Customer and point operator

The sending party shall adhere to nomination, confirmation, and scheduling deadlines. It is the party receiving the request that has the right to waive the deadline.

(b) Intraday Nominations. Any nomination received during a Day for the same Day of Gas flow, or any nomination received after the nominations deadline set forth in Section 6.7.2(a) above for the following Day flow shall be an intraday nomination. Intraday nominations can be used to request increases or decreases in total flow, changes to Point(s) of Receipt, or changes to Point(s) of Delivery of scheduled Gas. Intraday nominations do not roll over (i.e. intraday nominations span one Day only). Intraday nominations do not replace the remainder of a standing nomination. There is no need to re-nominate if an intraday nomination modifies an existing nomination. Intraday nominations may be used to nominate new injections or withdrawals. All nominations, including intraday nominations, shall be based on a daily quantity; thus, an intraday nominator need not submit an hourly nomination. Intraday nominations shall include an effective date and time. The interconnected parties shall agree on the hourly flows of the intraday nomination, if not otherwise addressed in Transporter's contract or tariff.

In the event Customer does not submit a timely nomination or desires to alter an existing nomination, Customer shall have the right to submit an intraday nomination to revise Customer's scheduled quantities, Point(s) of Receipt and/or Point(s) of Delivery on a prospective basis prior to the end of the Day; provided, however, that such intraday nomination will be processed after all timely nominations have been scheduled. Such intraday nomination shall be implemented by MAGNUM to the extent and only to the extent that MAGNUM is able to confirm the receipt and delivery of such Gas at the Point(s) of Receipt and Point(s) of Delivery.

(c) Elapsed-Prorated-Scheduled Quantity. With respect to intraday nominations for reductions in previously scheduled quantities, MAGNUM may accept any explicitly confirmed quantity, down to and including zero, for such intraday nomination; provided, however, if such intraday nomination requires confirmation from an upstream and/or downstream interconnected pipeline, then any intraday nomination to reduce previously scheduled quantities will be subject to, and limited to, the reduced quantity confirmed by such upstream and/or downstream interconnected pipeline.

(d) Nominations will be processed for scheduling in the order in which they were received, by priority level as described in Section 6.5 of the General Terms and Conditions of this FERC Gas Tariff. Nominations received after nomination deadline shall be scheduled after the nominations received before the nomination deadline.

(e) Notices provided under this Section 6.7.2 must be submitted in writing via fax or the Internet Web Site. Customer shall provide notice of any changes in deliveries to or receipt from MAGNUM to all transporters and shall be responsible for, and shall hold MAGNUM harmless from, any and all liabilities and expense resulting from any such changes, unless the added expense is due to the negligence of MAGNUM.

(f) Minimum NAESB Nomination Standards. In the event the more flexible nomination procedures set forth in Section 6.7.2(b) above are inapplicable for any reason, nominations shall be submitted and processed in accordance with the minimum standards set forth in this Section 6.7.2(f). MAGNUM shall support the following standard nomination cycles:

(1) The Timely Nomination Cycle: 11:30 a.m. for nominations leaving control of the nominating party; 11:45 a.m. for receipt of nominations by MAGNUM (including from Title Transfer Tracking Service Providers ("TTTSPs")); noon to send Quick Response; 3:30 p.m. for receipt of completed confirmations by MAGNUM from upstream and downstream connected parties; 4:30 p.m. for receipt of scheduled quantities by Customer and point operator (Central Clock Time on the Day prior to flow).

(2) The Evening Nomination Cycle: 6:00 p.m. for nominations leaving control of the nominating party; 6:15 p.m. for receipt of nominations by MAGNUM (including from TTTSPs); 6:30 p.m. to send Quick Response; 9:00 p.m. for receipt of completed confirmations by MAGNUM from upstream and downstream connected parties; 10:00 p.m. for MAGNUM to provide scheduled quantities to affected Customers and point operators, and to provide scheduled quantities to bumped parties (notice to bumped parties) (Central Clock Time on the Day prior to flow). Scheduled quantities resulting from an Evening Nomination should be effective at 9:00 a.m. on the Day.

(3) The Intraday 1 Nomination Cycle: 10:00 a.m. for nominations leaving control of the nominating party; 10:15 a.m. for receipt of nominations by MAGNUM (including from TTTSPs); 10:30 a.m. to send Quick Response; 1:00 p.m. for receipt of completed confirmations by MAGNUM from upstream and downstream connected parties; 2:00 p.m. for MAGNUM to provide scheduled quantities to affected Customers and point operators, and to provide scheduled quantities to bumped parties (notice to bumped parties), (Central Clock Time on the Day). Scheduled quantities resulting from Intraday 1 Nominations should be effective at 5:00 p.m. on the Day.

(4) The Intraday 2 Nomination Cycle: 5:00 p.m. for nominations leaving control of the nominating party; 5:15 p.m. for receipt of nominations by MAGNUM (including from TTTSPs); 5:30 p.m. to send Quick Response; 8:00 p.m. for receipt of completed confirmations by MAGNUM from upstream and downstream connected parties; 9:00 p.m. for MAGNUM to provide scheduled quantities to affected Customers and point operators, and to provide scheduled quantities to bumped parties (notice to bumped parties) (Central Clock Time on the Day). Scheduled quantities resulting from Intraday 2 Nominations should be effective at 9:00 p.m. on the Day. Bumping is not allowed during the Intraday 2 Nomination Cycle.

7.3 Customer shall make available and tender any Gas to be injected or wheeled hereunder and receive and accept delivery, upon tender by MAGNUM, any Gas requested to be withdrawn from storage or wheeled. The quantity of Gas stored for the account of Customer shall be increased or decreased upon injection or withdrawal of Gas from storage, as applicable. Customer shall not (unless otherwise agreed by MAGNUM) receive or deliver Gas, nor shall MAGNUM be obligated to receive Gas or deliver Gas on an hourly basis at rates of flow in excess of 1/24 of Customer's MDRQ or MDDQ, respectively. As determined by MAGNUM in its non-discriminatory and reasonable judgment, flow rates above 1/24 of Customer's MDRQ or MDDQ (or above the hourly flow rates specified in a Customer's Firm Wheeling Service Agreement) may be permitted.

6.8. POINT(S) OF RECEIPT AND POINT(S) OF DELIVERY

6.8.1 Point(s) of Receipt. Customer shall tender all Gas for wheeling or injection into storage to MAGNUM at the Point(s) of Receipt as specified in Customer's Service Agreement. The quantity of Gas tendered by Customer to MAGNUM for wheeling or injection into storage shall (i) not exceed at each Point of Receipt the MDFWQ, MDTQ or MDRQ, as applicable, for such Point of Receipt in effect from time to time, or (ii) not exceed the MDIQ plus the applicable Fuel Reimbursement at all Point(s) of Receipt in effect from time to time, without the consent of MAGNUM.

6.8.2 Point(s) of Delivery. MAGNUM shall tender all Gas to be wheeled or withdrawn from storage to Customer at the Point(s) of Delivery as specified in Customer's Service Agreement. The quantity of Gas delivered to Customer shall (i) not exceed at each Point of Delivery the MDFWQ, MDTQ or MDDQ, as applicable, for such Point of Delivery in effect from time to time, or (ii) not exceed the MDWQ at all Point(s) of Delivery in effect from time to time, without the consent of MAGNUM.

6.8.3 Measurement. Customer and MAGNUM agree that the quantity of Gas delivered hereunder shall be measured by MAGNUM in accordance with the Transporter's pipeline tariff applicable to each Point of Delivery/Receipt, and, as such, may be allowed to fluctuate within the applicable measurement or flow tolerances on a daily and Monthly basis.

6.8.4 Downstream and Upstream Transportation. Customer shall be responsible for transportation from the Point(s) of Delivery and payment of all transportation charges relating thereto. Customer shall be responsible for transportation to the Point(s) of Receipt and payment of all transportation charges relating thereto.

6.9. QUALITY

6.9.1 Specifications. The Gas delivered by either party to the other hereunder shall meet the quality specifications of the Transporter which receives or delivers such Gas at the Point of Receipt or Delivery, as applicable, and, unless such Transporter's quality specifications are more stringent, shall be of such quality that it shall meet at least the following specifications:

- (a) Be commercially free from objectionable odors, dirt, dust, iron particles, gums, gum-forming constituents, gasoline, PCBs, and other solid and/or liquid matter, including but not limited to water, Gas treating chemicals and well completion fluids and debris, which may become separated from the Gas during the transportation thereof.
- (b) Contain not more than one fourth (1/4) of one grain of hydrogen sulfide per one hundred (100) cubic feet, as determined by the cadmium sulfate quantitative test, nor more than five (5) grains of total sulfur per one thousand (1000) cubic feet, of which not more than two (2) grains shall be mercaptan sulfur.
- (c) The Gas delivered hereunder shall not contain more than ten (10) parts per million (0.001%) by volume of oxygen, shall not contain more than three percent (3%) by volume of carbon dioxide, shall not contain more than three (3%) by volume of nitrogen, and shall not contain a combined total of carbon dioxide and nitrogen components of more than three (3%) by volume.
- (d) Have a heating value of not less than nine hundred seventy (970) Btus per cubic feet and not more than eleven hundred fifty (1150) Btus per cubic feet.
- (e) Have a temperature of not more than 120 degrees Fahrenheit (120 degrees F), nor less than forty degrees Fahrenheit (40 degrees F).
- (f) Have been dehydrated by the tendering party, by any method other than the use of a calcium chloride as desiccant, for removal of entrained water in excess of seven (7) pounds of water per million (1,000,000) cubic feet of Gas as determined by dew-point apparatus approved by the Bureau of Mines or such other apparatus as may be mutually agreed upon.
- (g) Have no hydrocarbons in liquid form at the temperature and pressure at which the Gas is delivered at the Delivery Point.
- (h) Will not exceed a hydrocarbon dewpoint in excess of fifteen (15) degrees Fahrenheit at pressures up to 800 psig.
- (i) Will not contain any toxic or hazardous substance, in concentrations which, in the normal use of the Gas, results in an unacceptable risk to health, is injurious to pipeline facilities, is a limit to merchantability or contrary to applicable governmental standards.

6.9.2 Rejection of Gas. Either party shall be entitled to reject any Gas tendered to it by the other party which does not meet the minimum specifications of Section 9.1 hereunder. Acceptance of such Gas does not constitute any waiver of MAGNUM's right to refuse to accept similarly nonconforming Gas.

6.10. PRESSURE AND INJECTION/WITHDRAWAL RATES

6.10.1 Delivery Pressures. MAGNUM shall deliver Gas to Customer at pressures sufficient to enter the pipeline facilities at the Point(s) of Delivery against the operating pressures maintained by Transporter(s) from time to time. MAGNUM shall not be required to deliver Gas at pressures in excess of those required by Transporter(s) or in excess of Transporter(s) maximum allowable operating pressure (MAOP). Customer shall deliver or cause to be delivered to MAGNUM all Gas for wheeling, parking or injection at the Point(s) of Receipt at pressures not less than 700 psig and not in excess of the MAOP of MAGNUM's facilities at the Point(s) of Receipt. MAGNUM shall be responsible for maintaining facilities at such Point(s) of Receipt to permit Customer to deliver Gas to MAGNUM at such allowed pressures.

6.10.2 Receipt and Delivery Rates. MAGNUM has designed the facilities required to wheel, store, inject and withdraw Gas based on "normal" operating pressures maintained by the Transporter(s) at the Point(s) of Receipt/Delivery with allowances for reasonable fluctuations. In the event that conditions on the Transporter's system vary substantially from this "normal" design condition coincident with high levels of Customer receipt or delivery activity, MAGNUM's capability to receive or deliver the quantities set forth in its Service Agreements may be impaired, resulting in an interruption in service. If this happens, capacity will be allocated pursuant to Section 6.5 of the General Terms and Conditions of this FERC Gas Tariff. Customer agrees to indemnify and hold MAGNUM harmless for any loss caused by any such interruption in service.

6.10.3 Magnum may agree on a nondiscriminatory basis to minimum and maximum pressure provisions. Any such requirement shall be set forth in the Customer's service agreement and shall not constitute a non-conforming term in the service agreement.

6.11. TITLE AND RISK OF LOSS

6.11.1 Customer warrants for itself, its successors and assigns, that it will have at the time of delivery of Gas for injection, storage, parking or wheeling hereunder either good title to or the right to have the Gas transported or stored. Customer warrants for itself, its successors and assigns, that the Gas it delivers hereunder shall be free and clear of all liens, encumbrances, or claims whatsoever; and that it will indemnify MAGNUM and save it harmless from all claims, suits, actions, damages, costs and expenses arising directly or indirectly from or with respect to the title and/or right to Gas tendered to MAGNUM hereunder. Title to Gas transported or stored under all Rate Schedules other than Rate Schedules FL, EILS and IL shall remain at all times with Customer. Title to gas transported or stored under Rate Schedules FL, EILS and IL shall pass from MAGNUM to Customer when loan gas is delivered for Customer's account to a Point of Delivery and title shall pass from Customer to MAGNUM when loaned gas is returned by Customer to a Point of Receipt.

6.11.2 As between Customer and MAGNUM, (a) Customer shall be deemed to be in control and possession of the Gas prior to delivery to MAGNUM for wheeling, parking, storage or injection at the Point(s) of Receipt and after redelivery by MAGNUM to Customer at the Point(s) of Delivery, and shall indemnify and hold MAGNUM harmless from any damage or injury caused thereby, and (b) MAGNUM shall be deemed to be in control and possession of the Gas after the receipt of Gas at the Point(s) of Receipt and until MAGNUM's redelivery of an equivalent quantity of Gas to Customer at the Point(s) of Delivery, and shall indemnify and hold Customer harmless from any damage or injury caused thereby, except for damages and injuries caused by the sole negligence of Customer. Notwithstanding anything to the contrary set forth in this Section 6.11.2, the risk of loss of any quantity of Gas wheeled through, injected into, parked or stored in and withdrawn from the MAGNUM storage facilities shall remain with Customer, and MAGNUM shall not be liable to Customer for any loss of Gas, except as may be the consequence of the intentional or negligent acts or omissions of MAGNUM. Any losses of Gas, unless resulting from the intentional or negligent act or omissions of MAGNUM, shall be apportioned among and shared proportionally by all Customers under Rate Schedules FSS, FP, FWS, FHBS, EISS, EIWS, ISS, IW, IP and IHBS on the basis of the percentage which each Customer's Storage and wheeling Inventory as of the Day immediately preceding the Day on which a loss occurs bore to the total amount of Gas in all Customers' Storage and wheeling Inventories on such Day.

6.12. MEASUREMENT

6.12.1 The unit of volume for measurement of all quantities of Gas wheeled, parked, loaned or stored by MAGNUM or delivered to and received from storage hereunder shall be one (1) cubic foot of Gas at the base temperature of sixty degrees Fahrenheit (60 degrees F) and at an absolute pressure of fourteen and seventy-three hundredths (14.73) pounds per square inch and dry. All fundamental constants, observations, records, and procedures involved in determining and/or verifying the quantity and other characteristics of Gas delivered hereunder shall, unless otherwise specified herein, be in accordance with the standards prescribed in Report No. 3 of the American Gas Association, as now in effect and from time to time amended or supplemented. All measurements of Gas shall be determined by calculation into terms of such unit. All quantities given herein, unless expressly stated otherwise, are in terms of such unit. Notwithstanding the foregoing, it is agreed that, for all purposes, the Btu content of the Gas received and delivered by MAGNUM hereunder shall be measured on a "dry" basis rather than a fully saturated or "wet" basis. For Gas volumes reported in cubic meters, the standard conditions are 101.325 kPa, 15 degrees C, and dry.

6.12.2 MAGNUM shall install, maintain and operate, or cause to be installed, maintained and operated, the measurement facilities required hereunder. Said measurement facilities shall be so equipped with meters, recording gauges, chromatographs or other types of related and/or similar equipment of standard make and design commonly acceptable in the industry, as to accomplish the accurate measurement of Gas delivered hereunder. The retrieval of data and calibrating and adjustment of meters shall be done by MAGNUM or its agent.

6.13. BILLINGS AND PAYMENTS

6.13.1 Invoice. Not later than the ninth (9th) Business Day of each month, MAGNUM shall provide Customer (including a Replacement Customer) an invoice and any required backup data (which may be transmitted by fax) setting forth (i) the charges due for the current Month; (ii) the total quantity of Gas, stated in Dekatherms, received from and delivered to Customer hereunder during the preceding Month(s), with applicable Point(s) of Receipt and Point(s) of Delivery properly identified, and the amount due therefor; and if applicable, (iii) the amount of Customer's Gas in storage as of the close of the preceding Month and information sufficient to explain and support any adjustments made by MAGNUM in determining the amount billed. If actual quantities are not available by the ninth (9th) Business Day of the month, MAGNUM may invoice based on best available data subject to adjustment to actual at a later date. Quantities at points where Operational Balancing Agreements exist shall be invoiced based on scheduled quantities.

6.13.2 Application of Payments for Released Capacity. Payments to MAGNUM by a Replacement Customer for released capacity shall be applied as follows: (i) MAGNUM shall retain amounts equal to the Replacement Customer's usage charges; (ii) MAGNUM will credit the balance to reservation charges due from the Replacement Customer; and (iii) MAGNUM shall remit the remaining balance, if any, or shall charge any balance due, to the Replacement Customer, in accordance with Section 6.4.10 of the General Terms and Conditions of this FERC Gas Tariff. If any balance due from the Replacement Customer remains unpaid, the outstanding balance will then be billed to the Releasing Customer, provided that the Releasing Customer is only liable to the extent of the reservation charges specified in the applicable Service Agreement and corresponding Rate Schedule.

6.13.3 Payment. Customer shall pay MAGNUM by wire transfer the full amount reflected on the invoice within fifteen (15) days of the date of the invoice. If the fifteenth (15th) day shall fall upon a weekend or legal holiday, then such payment shall be made on the last regular Business Day prior to such fifteenth (15th) day. Party making payment should submit supporting documentation; party receiving payment should apply payment per supporting documentation provided by the paying party; and if payment differs from invoiced amount, remittance detail should be provided with the payment except when payment is made by electronic funds transfer (EFT), in which case, the remittance detail is due within two Business Days of the payment due date.

6.13.4 Billing Error. If an error is discovered in any billing, such error shall be adjusted within thirty (30) days of the determination thereof. If a dispute arises as to the amount payable in any invoice rendered hereunder, Customer shall nevertheless pay when due the amount not in dispute under such invoice. Such payment shall not be deemed to be a waiver of the right by Customer to recoup any overpayment, nor shall acceptance of any payment be deemed to be a waiver of the right by Customer to recoup any overpayment, nor shall acceptance of any payment be deemed to be a waiver by MAGNUM of any underpayment. In the event Customer fails to forward the entire undisputed amount due to MAGNUM when same is due, interest on the unpaid portion shall accrue at the same rate of interest and in the same manner as prescribed for pipeline refunds as set forth in Section 154.501(d) of the Commission's regulations under the Natural Gas Act from the date such payment is due until the same is paid. If Customer's failure to pay the undisputed portion of any invoice rendered hereunder continues beyond thirty (30) days after the due date of such invoice, then MAGNUM, in addition to all other legal remedies available to it, shall have the right and option to suspend further deliveries of Gas until such default shall have been cured. If Customer's failure to pay the undisputed portion of any invoice rendered hereunder continues beyond sixty (60) days after the due date of such invoice, then MAGNUM, in addition to all other legal remedies available to it, shall have the right and option to terminate service hereunder. Remedies for Customer's failure to pay will be pursued in accordance with Section 6.27 of these General Terms and Conditions.

6.13.5 Billing Disputes. If Customer withholds payment of any disputed amount as authorized herein, Customer shall within ten (10) days after the due date of the disputed invoice submit to MAGNUM a written explanation of the dispute and any available supporting documentation.

The parties shall then cooperate in good faith to resolve such dispute as expeditiously as possible, and the portion, if any, of such disputed amount eventually determined to be due shall bear interest at the rate stated in Section 6.13.4 above from the original due date until the date actually paid.

6.13.6 Right to Audit. Both MAGNUM and Customer shall have the right at their own expense to examine and audit at any reasonable time the books, records (including measurement, billing and payment) and charts of the other to the extent necessary to verify the accuracy of any statements or charges made under or pursuant to any of the provisions of Customer's Service Agreement. Upon request, Customer shall also make available to MAGNUM for audit purposes any relevant records of the Transporters to which Customer has access. A formal audit of accounts shall not be made more often than once each Contract Year. Any inaccuracy will be promptly corrected when discovered; provided, however, that neither MAGNUM nor Customer shall be required to maintain books, records or charts for a period of more than two (2) Contract Years following the end of the Contract Year to which they are applicable. Neither MAGNUM nor Customer shall have any right to question or contest any charge or credit if the matter is not called to the attention of the other in writing within two (2) years after the end of the Contract Year in question.

6.14. TAXES

If at any time MAGNUM is required to remit any taxes assessed on the Gas pursuant to Customer's Service Agreement, then MAGNUM shall have the right to collect from Customer such taxes, including any penalties and interest. Customer agrees to reimburse MAGNUM for the taxes assessed on the Gas, including any penalties and interest, within fifteen (15) days of the date of invoice from MAGNUM. Customer shall furnish MAGNUM information, satisfactory to MAGNUM, to enable MAGNUM to comply with any reports required by state or federal government and agencies. Customer recognizes that MAGNUM may be required to file federal and state tax returns, and Customer agrees to furnish MAGNUM with adequate information pertaining to the taxation on the Gas. Customer shall coordinate such filings with MAGNUM.

6.15. INSURANCE

Customer shall be responsible for providing its own insurance coverage with respect to Gas it tenders for storage and wheeling, and has stored and wheeled in MAGNUM's facilities located in Utah.

6.16. FORCE MAJEURE, RESERVATION CHARGE CREDITS

6.16.1. (a) Effect of Force Majeure. In the event MAGNUM is rendered unable, wholly or in part, by reason of an event of Force Majeure, as defined herein, to perform any obligation or commitment under Customer's Service Agreement, it is agreed that upon MAGNUM's giving notice and full particulars of such Force Majeure event on its Internet Web Site and/or in writing to Customer within seventy-two (72) hours after the occurrence of the cause relied on, then the obligations of MAGNUM shall be suspended to the extent that MAGNUM's ability to perform such obligations is affected by such Force Majeure event and for the period of such Force Majeure condition, but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.

(b) Force Majeure and Obligation to Pay/Credit Reservation Charges. A Customer taking firm service under Rate Schedules FSS, FWS, NNSS, FP, FL or FHBS shall not be relieved of its obligation to pay Reservation Charges specified in such firm Rate Schedules due to an event of Force Majeure and MAGNUM shall include the full amount of such Reservation Charges on the Customer's invoice for any Month in which an event of Force Majeure shall have occurred, provided, however, that MAGNUM shall calculate credits against the Customer's Reservation Charges payable under Rate Schedules FSS, FWS, NNSS, FP, FL or FHBS and its Service Agreement to reflect any reduction in MAGNUM's ability to render firm services resulting from an event of Force Majeure declared by MAGNUM and shall include such credits on the firm Customer's invoice for the next succeeding Month, in accordance with Section 6.16.1(c) below.

(c) Calculation of Credits Against Reservation Charges. For each Day on which a Customer's firm service under Rate Schedules FSS, FWS, NNSS, FP, FL or FHBS is curtailed such that (i) for curtailments due to Force Majeure events, Customer does not receive at least 98% of its scheduled service, or (ii) for non-Force Majeure curtailments, Customer does not receive 100% of its scheduled service, MAGNUM shall calculate credits against the Customer's Reservation Charges payable under Rate Schedules FSS, FWS, NNSS, FP, FL or FHBS and its Service Agreement; provided, that MAGNUM shall not be required to provide Reservation Charge credits during the first ten (10) Days of curtailment due to an event of Force Majeure declared by MAGNUM and; provided further, MAGNUM shall not be required to provide Reservation Charge credits for curtailments or other service interruptions that are the result of Customer's conduct or the result of actions or inactions by pipeline Transporters. MAGNUM shall calculate Reservation Charge Credits for each applicable Day of curtailment using the following formulae:

Curtailment of a firm Customer's injections: Reservation Charge Credit = $RC/\#Days \times CNIQ/MDIQ$

Curtailment of a firm Customer's withdrawals: Reservation Charge Credit = $RC/\#Days \times CNWQ/MDWQ$

Curtailment of a firm Customer's wheeling service: Reservation Charge Credit = $RC/\#Days \times CNTQ/MDFWQ$

Where:

RC = The Customer's Reservation Charges for the Month, calculated using the rates set forth in the Customer's Service Agreement. Customer's NNSS Reservation Charges, if applicable, shall be combined with its FSS Reservation Charges for this calculation.

#Days = The number of Days in the Month.

CNIQ = The Curtailed Nominated Injection Quantity, which shall be the quantity of Customer's nominated injections actually curtailed on each Day in the Month by MAGNUM.

CNWQ = The Curtailed Nominated Withdrawal Quantity, which shall be the quantity of Customer's nominated withdrawals actually curtailed on each Day of the Month by MAGNUM.

CNTQ = The Curtailed Nominated Wheeling Quantity, which shall be the quantity of Customer's nominated wheeling service actually curtailed on each Day of the Month by Magnum.

MDIQ = The firm Customer's Maximum Daily Injection Quantity, as set forth in its Service Agreement.

MDWQ = The firm Customer's Maximum Daily Withdrawal Quantity, as set forth in its Service Agreement.

MDFWQ = the firm Customer's Maximum Daily Firm Wheeling Quantity, as set forth in its Firm Wheeling Service Agreement.

6.16.2 Nature of Force Majeure. The term "Force Majeure" as employed herein and in Customer's Service Agreement shall mean any cause, whether of the kind enumerated herein or otherwise, not reasonably within the control of MAGNUM, such as acts of God; strikes, lockouts and industrial disputes or disturbances; inability to secure or delays in obtaining labor, materials, supplies, permits, easements or rights-of-way, including inability to secure materials by reason of allocations promulgated by authorized governmental agencies; arrests and restraints of governments and people; interruptions by government or court orders; acts of the public enemy; vandalism; wars; riots; civil disturbances; sabotage or terrorism; blockades; insurrections; epidemics; landslides; lightning; tornadoes; hurricanes; earthquakes; fires; storms; floods; washouts; inclement weather which necessitates extraordinary measures and expense to maintain operations; explosions; breakage, accidents and/or maintenance to plant facilities including machinery, lines of pipe, and the making of repairs or alterations to pipelines, storage, and plant facilities including Transporter's(s') pipeline repairs. It is understood and agreed that the settlement of strikes or lockouts shall be entirely within the discretion of MAGNUM, and that the above requirements that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts by acceding to the demands of opposing party when such course is inadvisable in the discretion of MAGNUM.

6.17. NOTICES

Any notice, request, demand, or statement provided for in Customer's Service Agreement, except as otherwise herein provided, shall be given in writing, delivered in person, by United States Mail or via e-mail or facsimile, to the parties at the addresses shown in the executed Service Agreement or at such other addresses as may hereafter be furnished to the other party in writing.

Any notice initially delivered by fax shall be confirmed by regular mail within one (1) week after transmission of the fax.

6.18. FUEL REIMBURSEMENT

6.18.1 Categories of Fuel Usage. The two general categories of fuel usage are: (1) Direct Fuel Usage, consisting of (a) compression fuel (including electricity), (b) dehydration fuel, and (c) line heating fuel; and (2) Indirect Fuel Usage, consisting of fuel that is consumed on site to (a) generate electricity, (b) heat the facility (if any), and (c) fuel MAGNUM vehicles.

Fuel Reimbursement charges are intended to compensate MAGNUM for these categories of fuel usage and for lost and unaccounted for Gas volumes to the extent required for the operation and maintenance of MAGNUM's Gas storage facilities.

6.18.2 Fuel Reimbursement. Fuel Reimbursement shall be calculated separately for storage services, wheeling, loaning and parking under Rate Schedules FSS, FWS, FP, FL, FHBS, EISS, EILS, EIWS, ISS, IHBS, IP, IW, and IL. Each Fuel Reimbursement charge shall be negotiated by MAGNUM and Customer such that reimbursement of fuel shall be paid in kind, as set forth in Customer's Service Agreement(s).

6.19. GAS TITLE TRANSFERS

6.19.1 Title Transfers of Gas in Storage:

a) A Customer that has executed a Service Agreement under Rate Schedules FSS, FP, FL, FHBS, EISS, EILS, ISS, IHBS, IL or IP may sell some or all of its Storage Inventory or Loan Balance to any other Customer that has executed a Service Agreement under the same Rate Schedule to become part of such other Customer's Storage Inventory or Loan Balance under the same Rate Schedule if:

(1) Customer selling Storage Inventory or Loan Balance and Customer purchasing Service Inventory or Loan Balance execute a Title Transfer Form identifying the details of title transfer transaction, as such form is posted for MAGNUM's Internet Web Site and amended from time to time, and submit such executed form to MAGNUM; and

(2) The purchase does not cause either Customer to exceed its Maximum Storage Quantity, Maximum Loan Quantity, or Maximum Park Quantity, as applicable and as specified in the Customer's Service Agreement, or cause either Customer's balance to go below zero.

MAGNUM may restrict transfers when such transfers would result in an increase in the service obligations of MAGNUM or cause operational difficulties and such increase or operational difficulties would, in the reasonable judgment of MAGNUM, impair the ability of MAGNUM to meet all of its other service obligations of equal or higher priority.

(b) MAGNUM will recognize the transfer for purposes of computing each Customer's available Storage Inventory or Loan Balance on a prospective basis within one (1) Business Day after receipt of the executed Title Transfer Form.

(c) For each title transfer of Gas in storage performed under this section, each Customer shall pay the Title Transfer rate as agreed upon by each Customer and MAGNUM and set forth on the executed Title Transfer Form.

6.19.2 Title Transfers of Gas

(a) Transfers of title between Customers and/or Service Agreements under which Gas is delivered to MAGNUM, withdrawn from MAGNUM's storage or wheeled on MAGNUM's system may be permitted by MAGNUM at Point(s) of Receipt and Point(s) of Delivery on an Interruptible basis pursuant to Customer's Title Transfer Form.

(b) Requests for such transfers shall be made in accordance with the nomination procedures set forth in Section 6.7, Nominations and Scheduling, of the General Terms and Conditions herein. MAGNUM shall not unreasonably withhold approval of such transfers.

(c) For each title transfer nominated by Customer under Section 6.19.2(b) herein, Customer shall pay the gas title transfer rate set forth on the executed Title Transfer Form.

6.20. PENALTIES

6.20.1 A Customer shall be liable for and shall be required to reimburse MAGNUM for all penalties, charges and fees which MAGNUM is required to pay to Transporter(s) as a consequence of Customer's actions. The recovery of such penalty amounts shall be on an as-billed basis.

6.20.2 In addition to the payment of the penalties set forth in Section 20.1 herein, the responsible Customer shall also be liable for, and shall reimburse MAGNUM, for all costs incurred by MAGNUM as a consequence of such Customer's actions.

6.20.3 Customer shall hold MAGNUM harmless for all costs and penalties which may be assessed by Transporter(s) under Customer's transportation agreement(s) with Transporter(s), unless the costs and penalties are due to the negligence of MAGNUM. Customer and MAGNUM shall cooperate with each other and with the Transporter(s) to verify delivery and receipt of the volumes of Gas delivered hereunder on a timely basis.

6.21. TRANSMISSION PROVIDER STANDARDS OF CONDUCT

MAGNUM does not meet FERC's definition of a "Transmission Provider" (18 C.F.R. § 358.3(a)) because it is a storage company authorized to charge market-based rates, is not interconnected with the facilities of any affiliated interstate natural gas pipeline, has no exclusive franchise area, has no captive customers and has no market power. Therefore, MAGNUM is not required to comply with FERC's Transmission Provider Standards of Conduct, as promulgated in Order Nos. 2004, et al., and codified at 18 C.F.R. Part 358.

6.22. NORTH AMERICAN ENERGY STANDARDS BOARD

MAGNUM adopts or exceeds all of the Business Practices and Electronic Communication Standards which were required by the Commission in 18 C.F.R. Section 284.12(b) in accordance with Order No. 587-T. In addition to the standards reflected in other provisions of this FERC Gas Tariff, the following NAESB Standards Version 1.8 are incorporated herein by reference:

When Customer under a Service Agreement consists of two or more persons, the obligations of such persons under such agreement shall be joint and several and, except as otherwise provided, any action provided to be taken by Customer shall be taken by such persons jointly.

6.24. NONDISCRIMINATORY WAIVER OF TARIFF PROVISIONS AND NONWAIVER OF FUTURE DEFAULTS

MAGNUM may waive any of its rights hereunder or any obligations of Customer on a basis which is not unduly discriminatory; provided that no waiver by either Customer or MAGNUM of any one or more defaults by the other in the performance of any provision of the Service Agreement between Customer and MAGNUM shall operate or be construed as a waiver of any future default or defaults, whether of a like or of a different character.

6.25. MODIFICATION

No modification to the terms and provisions of any Service Agreement or exhibit thereto shall be or become effective except by the execution of a superseding Service Agreement or exhibit thereto.

6.26. SUCCESSORS IN INTEREST

Any company which shall succeed by purchase, merger, consolidation or otherwise to the properties substantially as an entirety, of MAGNUM or of Customer, shall be entitled to the rights and shall be subject to the obligations of its predecessors in title under a Service Agreement.

In accordance with the capacity release procedures set forth in Section 6.4 of the General Terms and Conditions, Customer may, without relieving itself of its obligations under such Service Agreement, assign any of its rights and obligations thereunder to another shipper, but otherwise no assignment of such Service Agreement, or of any of the rights or obligations thereunder shall be made unless there first shall have been obtained the consent thereto of MAGNUM, in the event of any assignment by Customer, or the consent thereto of Customer, in the event of an assignment by MAGNUM. These restrictions on assignment shall not in any way prevent any party from pledging or mortgaging its rights under a Service Agreement as security for its indebtedness.

6.27. DEFAULT AND TERMINATION

6.27.1 Customer shall be in default under this FERC Gas Tariff or the Service Agreement if:

(a) Customer shall fail to pay any sums due to MAGNUM hereunder and such failure continues for a period of five (5) Business Days after written notice to Customer by MAGNUM;

(b) Customer fails to perform any of its material covenants or obligations under this FERC Gas Tariff or the Service Agreement, other than obligations to make payments to MAGNUM, and Customer does not remedy such failure within a period of thirty (30) days after receipt of a notice from MAGNUM;

(c) Customer or its guarantor becomes insolvent, as set forth in Section 6.3.3(i); or

(d) Customer fails to provide or maintain Financial Assurances pursuant to Section 6.30.

Customer shall indemnify and hold harmless MAGNUM from and against any costs or losses resulting from (a), (b), (c), (d) above.

6.27.2 In the event of any Default by Customer, in addition to all other remedies available to it pursuant to the Service Agreements or at law and in equity, MAGNUM may do any or all of the following:

(a) refuse to accept any further deliveries of Gas from or on behalf of Customer pursuant to all or any transactions;

(b) refuse to deliver Gas to or on behalf of Customer pursuant to all or any transactions;

(c) set off any amount owing by MAGNUM to Customer pursuant to any transaction(s) against amounts otherwise owing by Customer to MAGNUM pursuant to any other transaction(s);

(d) suspend performance until Customer corrects the default in full;

(e) terminate the Customer's Service Agreement, provided that MAGNUM shall provide not less than thirty (30) days notice of such termination to the Customer and to FERC; and

(f) assert any liens or other interests, consistent with applicable law, against any Gas Customer may have remaining on MAGNUM's system.

6.27.3 Customer shall not be obligated to pay MAGNUM reservation charges for any suspended services during any period of suspension pursuant to Section 6.27.2.

6.28. POLICY WITH RESPECT TO FEES AND CONSTRUCTION OF NEW FACILITIES

6.28.1 Except as provided in Section 6.28.2 herein, Customer shall reimburse MAGNUM (a) for the costs of any facilities installed by MAGNUM with Customer's consent to receive, measure, store or deliver Gas for Customer's account and (b) for any and all filings and approval fees required in connection with Customer's Service Agreement that MAGNUM is obligated to pay to the Commission or any other governmental authority having jurisdiction. Any reimbursement due MAGNUM by Customer pursuant to this Section 6.28.1 shall be due and payable to MAGNUM within ten (10) days of receipt by Customer of MAGNUM's invoice(s) for same; provided, however, that subject to MAGNUM's consent, such reimbursement, plus carrying charges thereon, may be amortized over a mutually agreeable period not to extend beyond the primary contract term of the Service Agreement between MAGNUM and Customer. Carrying charges shall be computed utilizing interest factors acceptable to both MAGNUM and Customer.

6.28.2 MAGNUM may waive from time to time, at its discretion, all or a portion of the facility cost reimbursement requirement set forth in Section 6.28.1 for Rate Schedules FSS, FWS, NNSS, FP, FL and FHBS if Customer provides MAGNUM adequate assurances to make construction of the facilities economical to MAGNUM. All requests for waiver shall be handled by MAGNUM in a manner which is not unduly discriminatory. For purposes of determining whether a project is economical, MAGNUM will evaluate projects on the basis of various economic criteria, which will include the estimated cost of the facilities, operating and maintenance as well as administrative and general expenses attributable to the facilities, the revenues MAGNUM estimates will be generated as a result of such construction, and the availability of capital funds on terms and conditions acceptable to MAGNUM. In estimating the revenues to be generated, MAGNUM will evaluate the existence of capacity limitations downstream of the facilities, the marketability of the capacity, the Interruptible versus the firm nature of the service, and other similar factors which impact whether the available capacity will actually be utilized.

6.29. OFF-SYSTEM CAPACITY

MAGNUM may, from time to time, acquire transportation and/or storage capacity on a third-party pipeline system. MAGNUM will only provide transportation and storage services for others using such capacity pursuant to its open access FERC Gas Tariff subject to its rates approved by the Federal Energy Regulatory Commission, and the "shipper must hold title" policy is waived to permit such use.

Any off-system capacity acquired by MAGNUM for the benefit of a Customer which is not used by such Customer shall be offered to MAGNUM's other Customers pursuant to MAGNUM's FERC Gas Tariff and subject to the rates set forth in each Customer's Storage Service Agreement plus any applicable third-party commodity and/or fuel charges. MAGNUM will indicate, in its posting of any off-system capacity available for service, whether any third-party charges will apply to the use of such off-system capacity. The posted commodity and/or fuel charges for off-system points shall be applicable to all Customers utilizing off-system points and shall be in addition to the charges for use of on-system points set forth in a Customer's Service Agreement, unless MAGNUM and Customer agree upon specific charges for receipts from and/or deliveries to off-system points and such specific charges are stated in a Customer's Service Agreement.

6.30. Creditworthiness - Financial Assurances

6.30.1 "Acceptable Credit Rating" means a Credit Rating for which Customer's Unsecured Collateral Limit is greater than Customer's Credit Exposure.

6.30.2 "Credit Rating" means the rating given to Customer's unsecured long term debt by Standard and Poor's Corporation ("S&P") or Moody's Investor Services, Inc. ("Moody's"). If both S&P and Moody's have issued a Credit Rating to Customer, the lower rating shall apply for purposes of this FERC Gas Tariff.

6.30.3 "Credit Exposure" means an amount equal to: (1) in the case of Firm Services to be provided by MAGNUM using existing facilities, reservation charges payable at the rate specified in Customer's bid for service or Service Agreement for a period of three (3) Months or the duration of the Customer's bid or Service Agreement, whichever is shorter; (2) in the case of Interruptible services to be provided by MAGNUM using existing facilities, the Interruptible charge(s) calculated on a one hundred percent (100%) load factor basis payable for a period of three (3) Months or the duration of the Customer's Service Agreement, whichever is shorter; or (3) for service that requires MAGNUM to construct new facilities, an amount determined by MAGNUM prior to the start of construction that is reasonable in light of the risks of the construction project, not to exceed Customer's proportional share of the cost of the facilities to be constructed (which amount shall be reduced as Customer pays off the obligation for construction of new facilities); plus, for each of (1), (2) and (3), the Market Value of Loaned Gas.

6.30.4 "Market Value of Loaned Gas" means the Customer's Loan Balance for service under Rate Schedules FL, EILS and IL, if any, multiplied by the sum of the NYMEX Henry Hub Swap and the NYMEX _____ Basis Swap, as posted on the www.nymex.com web site, for the period under which the loaned gas is scheduled to be returned pursuant to the Customer's Service Agreement(s). MAGNUM shall calculate Customer's Market Value of Loaned Gas on a daily basis.

6.30.5 "Unsecured Collateral Limit" means the maximum amount of credit MAGNUM will extend to a Customer, without Customer providing Financial Assurances pursuant to this Section 6.30, based upon the Customer's Credit Rating, as provided in the table below:

S&P AAA Moody's Aaa	\$25,000,000
S&P AA+ to AA- Moody's Aa1 to Aa3	\$15,000,000
S&P A+ to A- Moody's A1 to A3	\$5,000,000
S&P BBB+ to BBB- Moody's Baa1 to Baa3	\$1,000,000
S&P BB+ and lower Moody's Ba1 and lower	\$0

6.30.6 "Material Adverse Change" means the failure of Customer at any time to satisfy the requirements pertaining to creditworthiness set forth in Section 6.3.3, to maintain an Acceptable Credit Rating or to maintain or reinstate one of the forms of Financial Assurances specified in Section 6.30.10.

6.30.7 "Financial Assurances" means one or more of the forms of security set forth in Sections 6.30.10(a), 6.30.10(b), 6.30.10(c) and 6.30.10(d), in accordance with and in an amount as set forth in Section 6.30.10.

6.30.8 If Customer suffers a Material Adverse Change, Customer shall provide MAGNUM with one or more of the forms of Financial Assurances as set forth in this Section 6.30. Customer shall provide such Financial Assurances within five (5) Business Days of written notice from MAGNUM in an amount equal to one month of firm service reservation charges, one month of Interruptible service charges calculated on a one hundred percent load factor basis and/or the market value of Customer's loaned gas, each determined in the manner described in Section 6.30.10 below, as applicable. Customer shall fully comply with Financial Assurances provisions of Section 6.30.10 of these General Terms and Conditions within 30 days of written notice from MAGNUM.

6.30.9 If prior to initiation of service Customer does not have an Acceptable Credit Rating, then, as a condition of MAGNUM initiating service, Customer shall provide MAGNUM with one or more of the forms of Financial Assurances provided in this Section 6.30.

6.30.10 A Customer that does not have, or at any time fails to maintain, an Acceptable Credit Rating shall provide to MAGNUM, to secure its obligation to MAGNUM pursuant to each of Customer's Service Agreements, one or more of the following forms of Financial Assurances:

(a) An irrevocable Letter of Credit, subject to the following:

(1) each Letter of Credit shall be in effect for the lesser of one (1) year or for the Term of the transaction plus 120 days. If the Term of the transaction plus 120 days is greater than one (1) year, Customer shall ensure that its obligation to MAGNUM is secured continuously, and accordingly shall provide MAGNUM with a replacement Letter of Credit no later than 120 days prior to the expiration of the then-effective Letter of Credit. MAGNUM will return the expiring Letter of Credit to Customer within five (5) days of the date the Replacement Letter of Credit becomes effective;

(2) each Letter of Credit shall be in form and substance satisfactory to MAGNUM, and shall provide for partial drawdowns and, without limiting the generality of the foregoing, shall be issued by a financial institution acceptable to MAGNUM that is rated at least BBB- by Standard and Poor's Corporation and Baa3 by Moody's Investor Services, Inc.; and

(3) in addition to all other remedies available to MAGNUM at law or in equity, if Customer fails to provide a replacement Letter of Credit in accordance with this Section 6.30.10(a), MAGNUM may draw upon the expiring Letter of Credit to the full amount thereof and apply the funds so drawn in payment in whole or in part of the obligations of Customer under each or any of Customer's Service Agreements.

(b) Customer shall provide to MAGNUM, to secure its obligation to MAGNUM pursuant to each of Customer's Service Agreements, a Guaranty granted to MAGNUM by Customer's direct or indirect parent (the "Guarantor"), provided that the amount of such Guaranty shall not exceed the Unsecured Collateral Limit for such parent determined using the above criteria and parent's Credit Rating. The Guaranty shall be in a form acceptable to MAGNUM and the provisions of this Section shall apply to the Guarantor as if the Guarantor were the Customer;

(c) If Customer has requested, MAGNUM may accept other forms of Financial Assurances to secure Customer's obligations under the Service Agreements, provided that MAGNUM may reject or accept such other forms of Financial Assurances in a manner that is not unduly discriminatory;

(d) Customer shall prepay for service in an amount as set forth immediately below, provided that such prepayments shall be considered collateral held for security and not advance payments for services and that Customer may deposit its prepayment funds into an interest-bearing escrow account established by Customer granting MAGNUM access to the account for payment of services under Customer's Service Agreement(s).

The dollar value of the Financial Assurances set forth above in this Section 6.30.10 to be provided by Customer shall be in an amount equal to Customer's Credit Exposure minus Customer's Unsecured Collateral Limit. MAGNUM shall re-compute the dollar value of Financial Assurances Customer is required to provide on a daily basis. MAGNUM shall notify Customer when such re-computation indicates that additional credit support is required to comply with the requirements of this section based on a 10% increase in the daily computation of the amount of Financial

Assurances over the Financial Assurances previously provided by Customer. Customer shall have two (2) Business Days to comply with a notification by MAGNUM of insufficient credit support.

6.30.11 Customer's obligation to maintain an Acceptable Credit Rating or to provide Financial Assurances shall continue for so long as the Parties are bound by the Service Agreements and all transactions entered into thereunder. This obligation shall terminate when Customer has performed or satisfied all of its obligations under the Service Agreements and, upon such termination, MAGNUM shall return to Customer, if applicable:

- (a) the Letter of Credit and funds held by MAGNUM as security pursuant to Section 30.10(a) then in its possession but only to the extent it has not then applied such funds pursuant to this FERC Gas Tariff to the debts, expenses, costs, assessments and liabilities payable by Customer to MAGNUM pursuant to the provisions of the Service Agreement(s);
- (b) the Guaranty held by MAGNUM pursuant to Section 6.30.10(b);
- (c) any security accepted by MAGNUM pursuant to Section 6.30.10(c); or
- (d) any amount prepaid by Customer pursuant to Section 6.30.10(d) not required to pay charges for service rendered under the Service Agreements.

6.31. DISPOSITION OF RETAINED QUANTITIES

In the event that MAGNUM holds an auction for Gas quantities retained pursuant to Section 7 of Rate Schedule FSS, Section 8 of Rate Schedule FP, Section 8 of Rate Schedule FHBS, Sections 2 or 8 of Rate Schedule EISS, Sections 2 or 8 of Rate Schedule ISS, Sections 2 or 8 of Rate Schedule IHBS, or Sections 2 or 8 of Rate Schedule IP, MAGNUM shall post such quantities on the Internet Web Site as soon as reasonably practicable. MAGNUM shall accept bids only during the time period from 7:00 a.m. until 11:00 a.m. CCT on the second Business Day following such posting. MAGNUM shall award purchase of the Gas to the Customer submitting the highest bid, and shall notify the Customer submitting the highest bid prior to 4:00 p.m. CCT of the same Day on which MAGNUM accepts bids; provided, however, MAGNUM reserves the right to reject all bids. When the Gas is purchased at auction, Customer must provide identification of the existing Service Agreement with MAGNUM under which Customer shall store the Gas in MAGNUM's facilities.

MAGNUM shall credit the net proceeds received from such auction to all Customers whose Gas was not so purchased or retained ("Qualifying Customer") based on the ratio of the total charges paid by each Qualifying Customer for service to the total amount of such charges paid by all Qualifying Customers during the Month in which the auction of Gas occurred. For the purposes of this Section, the term "net proceeds" shall mean the total proceeds received from the auction less any costs MAGNUM incurred as a result of conducting the auction or the purchase or retention of Customer's Gas.

Such credits shall be calculated for each Month of the twelve (12) Month period ending July 31 of each year and will be included on the Qualifying Customers' invoices for the Month following the date of the final Commission order approving MAGNUM's penalty disbursement report; provided, however, that MAGNUM will calculate and include such credits on Qualifying Customers' invoices for a period shorter than twelve (12) Months in the event and to the extent that the total accumulated amount pursuant to this Section 6.31 by MAGNUM as of the end of any Month exceeds \$1,000,000. MAGNUM will file a penalty disbursement report within sixty (60) days of July 31 or sixty (60) days after the end of the Month in which the revenue collected exceeds \$1,000,000. Any revenues credited to Qualifying Customers pursuant to this Section shall include interest calculated in accordance with Section 154.501(d) of the Commission's regulations.

6.32. TRANSACTION CONFIRMATION PROCEDURE

6.32.1 MAGNUM and a Customer may use the Transaction Confirmation procedure set forth in this Section 32 to confirm their agreement(s) regarding storage and hub services to be provided by MAGNUM. Should MAGNUM and Customer come to an agreement regarding a storage or hub service transaction, MAGNUM shall, and the Customer may, record that agreement on a Transaction Confirmation, which shall include all of the information required under the applicable form of Service Agreement set forth in this Tariff, and communicate such Transaction Confirmation by facsimile, e-mail or other mutually agreeable electronic means, to the other party by the close of the Business Day following the date of agreement. MAGNUM and Customer acknowledge that their agreement will not be binding until the exchange of non- conflicting Transaction Confirmations or the passage of the Confirm Deadline without objection from the receiving party, as provided in Section 6.32.2.

6.32.2 If a sending party's Transaction Confirmation is materially different from the receiving party's understanding of the agreement referred to in Section 6.32.1, such receiving party shall notify the sending party via facsimile, e-mail or other mutually agreeable electronic means by the Confirm Deadline, unless such receiving party has previously sent a Transaction Confirmation to the sending party. The failure of the receiving party to so notify the sending party in writing by the Confirm Deadline constitutes the receiving party's agreement to the terms of the transaction described in the sending party's Transaction Confirmation. If there are any material differences between timely sent Transaction Confirmations governing the same transaction, then neither Transaction Confirmation shall be binding until or unless such differences are resolved including the use of any evidence that clearly resolves the differences in the Transaction Confirmations.

6.32.3 For purposes of this Section 32, "Confirm Deadline" shall mean 5:00 p.m. in the receiving party's time zone on the second Business Day following the Day a Transaction Confirmation is received; provided, if the Transaction Confirmation is time stamped after 5:00 p.m. in the receiving party's time zone, it shall be deemed received at the opening of the next Business Day.
